

Bio Ethanol Stoves

Modern Warmth. No Chimney. No Limits. Meet Ellen – the bioethanol stove by elcofire. Where cutting-edge design meets total freedom, Ellen delivers real flame and powerful warmth at the touch of a button — no flue pipe, no gas line, no compromise. Simply plug in, pour in the bioethanol fuel, and enjoy up to 4.5kW of clean, sustainable heat. Whether it's a sleek city apartment or a quiet corner with a view, Ellen brings stunning ambiance and real fire exactly where you want it. Clean. Safe. Effortless. Beautiful.
